About

I am a passionate and dedicated frontend developer with extensive hands-on experience in building responsive and efficient web applications. Having completed over 25 projects, including freelance work and team collaborations, I've developed strong expertise in modern frameworks like React.js and Next.js. These experiences have sharpened my teamwork, communication, and problem-solving skills. I'm eager to bring my knowledge and creativity to a dynamic company, where I can contribute to impactful projects and continue growing professionally. My objective is to secure an internship or full-time position as a frontend developer.

Skills

- TypeScript (ES6) and Many More
- Next.js (Prisma)
- Redux toolkit & RTK query
- Rest API
- Sass & Tailwind CSS & MaterialUI

EDUCATION

MCI Academy, Cairo

Bachelor of Science in Information Systems
